NOTIFICATION OF USE & FEE FOR TIRE BIN DURING SPRING CLEAN UP

During the Annual Spring Clean Up, Eureka City will once again offer a bin to dispose of tires for the residents of Eureka, however; **this year there is a fee.**

Anyone taking tires to the dump area during the cleanup must show their dump card to the attendant (it will not be punched). Anyone that does not have a Eureka City Dump Card will not be allowed to dispose of tires.

FEE:

- * \$10.00 per tire that will be placed in the bin.
- * Customer bringing tires, must pay the dump attendant for the tires prior to placing them in the bin.
- * Attendant can only accept cash or checks and will have the ability to issue a receipt.
- * If a customer would like to prepay with a credit or debit card in the office during regular office hours prior to going to the dump, they would just have to show the attendant their receipt.
- * **All rims must be removed before being placed in the bin.**

We have been offering this service at no charge during the past several years during our Spring Clean Up, but due to the costs associated with the disposal fees and the amount of tires we have taken in during the cleanup, etc., we can no longer offer it for free.

We highly suggest that when or if you get new tires from an establishment, to leave your old tires with them as they already charge a tire disposal fee which may be lower than \$10.00 per tire. That way you do not have to transport to or store them on your property.

NOTICE TO RESIDENTS

To all Eureka City Residents, the Mayor and City Council has decided to be proactive and close the City Office to **ALL WALK-IN ACCESS** during this COVID-19 Coronavirus Pandemic to help flatten the curve.

City Hall will still be open, but staffing may be limited. If you need to speak with the City Recorder or other City Official or employee, please call (435) 433-6915. Payments to the City may be made online or by placing a check in the box located just outside our door at 15 North Church Street. If you need to make a payment in cash, please call and make arrangements beforehand.

Our City Office Employees will continue to be available during regular office hours by phone to take payments or answer any questions you may have. If you absolutely need to speak with someone in the office in person, please call and set up an appointment prior to going to the office.

Our Public Works Employees will continue to provide our citizens with the necessary services (water, sewer, garbage totes, etc.) during this time, but with limited interaction with customers.

Our main goal is to keep everyone safe and healthy, so PLEASE, abide by all recommendations by State and Local Officials during this time.

COMMUNITY THANKS

Eureka City would like to thank the businesses here for stepping up during these uncertain times by continuing their business in the best way possible. The restaurants for going to curbside only service, the stores for offering to pick up groceries for those in need, drive up windows to purchase needed items, setting aside a day that the elderly and immunocompromised can shop, etc. all while keeping their establishments cleaned and sanitized. So please, if you have to go out, remember the social distancing rules and shop local, keep the businesses here in town going.

ANNUAL SPRING CLEAN-UP

It's time again for our annual city-wide clean-up. Since we are now practicing social distancing and not visiting others in their homes or congregating in large numbers, why don't we use the extra time at home and let's work together to make our town look as if we are all proud to live in Eureka? The dump will continue to be opened on Saturdays from 10 AM until 2 PM. Please don't expect to spend extra time socializing when you take a load to the dump. Get in, get out with the minimum of contact with the dump operator.

From May 22nd until June 1st, the dump will be opened each day, Monday through Friday from 4 PM until 8 PM and from 8 AM until 8 PM on Saturdays. This will give those who work time to get to the dump as often as needed. The city is putting out considerable extra money to make this happen, so please take advantage of this opportunity to clean up your yards and make the city the nice clean city that it should be.

Homemade Bread

Recipe Corner

Ingredients:

- 2 1/4 teaspoons active dry yeast (1 packet)
- 1 1/4 cups water
- 1/4 whole milk
- 2 Tablespoons + 1 teaspoon granulated sugar
- 2 teaspoons salt
- 2 Tablespoons butter, softened and cut into 4 pieces
- 4-5 cups bread flour or all-purpose (plain flour)

Instructions:

1. Combine milk and water and heat in the microwave (or on the stovetop) until it reaches a temperature between 105-115F (40-46C). Make sure to stir the liquid before measuring the temperature to make sure it is heated evenly.
2. Pour warm milk/water mixture into large bowl or the bowl of a stand mixer. Add yeast and 1 teaspoon of granulated sugar and stir to combine. Allow to sit for about 5 minutes, until yeast is foamy (if yeast does not foam there is something wrong with it, it is likely dead. You will have to throw this out and start over).
3. Once yeast is foamy, add remaining 2 Tablespoons granulated sugar, salt butter, and 2 cups of your flour mixture. Stir well until completely combined (the butter may not be completely combined at this point but as you add more flour it should mix into the dough completely).
4. Gradually add additional flour, stirring well after each addition (if you are using a stand mixer, stir on low-speed with a dough hook attachment), until dough clings together and forms a ball that pulls away from the side of the bowl. Dough should be slightly tacky to the touch but should not be sticky.
5. Transfer to a clean surface and knead for about 5-10 minutes until dough is smooth and elastic (or continue to stir with mixture on low-speed with dough hook until smooth and elastic, about 3-5 minutes).
6. Transfer dough to a lightly oiled bowl, turn dough to coat the surface lightly with oil, cover and allow to rise in a warm place until doubled in size (about 1-2 hours).
7. Once dough has doubled, transfer to a clean, lightly floured surface and use your hands to deflate the dough. Use lightly floured hands or a lightly floured rolling pin to form in to an 8x12" rectangle. Starting with one 8" end, roll dough slightly into a log. Pinch the seam to seal the log and tuck the ends of the dough under to form a loaf.
8. Transfer to a lightly greased (I use shortening) 9x5" bread pad. If desired, use a serrated knife to score the bread lengthwise across the top. Cover with a clean towel and allow to rise in a warm, draft-free place until doubled in size and loaf has risen about .5-1" above the edge of the loaf pan. While dough is rising, preheat your oven to 400F (200C).
9. Once dough has risen and oven is preheated, uncover loaf and transfer to 400F (200C) oven and bake for 25 minutes or until loaf is golden brown and sounds hollow when tapped.
10. Immediately invert onto a cooling rack. Allow to cool a bit before slicing and serving.
