## 2022 Tintic Silver Jubilee Grand Marshals Nick & Julie Castleton

Nick was born and raised in Eureka. While growing up, Eureka was a bustling mining town of about 3,000 people. The mines in town were operating and it was a very noisy town. The trucks ran from the Chief to the dump sites along Haulage Street 24 hours a day and the train came to town every day to haul off the ore and leave empty cars to be filled for the next day. We didn't have phones or watches to tell us the time of day, but we knew the important times just by the whistles at the Chief and where the train was. The Chief blew their whistle at 8:00 AM, noon and 12:30 for lunch and 4:00 PM for quitting time. Also, the train made its last stop at the Gemini Mine and then back along Arlington past his house. Wherever he was in town he knew that when the train went past his house it was dinner time and if he wasn't home ready to eat, he would go without.

In the evening during the summer when the sun went down, we would meet at the corner of Leadville Road and Spring Street to play releveo or some other "hide and seek" game. When your mom turned on the porch light it was time to head home and get to bed. Growing up in Eureka was awesome.

Nick moved away shortly after graduating from Tintic High School in 1963. He married Carole Ann Larsen in 1968 and moved back to Eureka in 1972 with their two children. After they moved back to town, they were blessed with 2 more children. So, all four of his children were raised here also. He married Julie Ann McMahan on December 30, 2012

He worked for Johnson Tractor in Spanish Fork and then for Sumsion Construction Co. in Springville before going to work in the mill at the Burgin Mine. When the mill shut down, he worked as a mechanic at the Burgin and Trixie Mines until they closed in 1984. He then went to work as a Medic at Dugway Proving Ground where he retired in 2007. He was also a volunteer EMT on the Eureka Ambulance.

His Grandfather was elected to Eureka City Council in 1913 and 100 years later he was serving on the Eureka City Council where he served for two years before being elected to Mayor where he served for two terms (8 years). During his time as mayor, the city completed the sewer and water project, the renovation of the City Hall and he played an instrumental part in bringing Natural Gas to Eureka. He is currently a member of the Tintic Historical Society and a member of the Tintic Lodge No. 711.

The Eureka Recreation Committee and the Mayor and Council would like to Congratulate you both on this accomplishment!!
